Homework

EVERY NIGHT your student should read for at least **20 minutes**. In the blue Link folder there is a monthly calendar. Parents should initial every night your child reads for 20 minutes. I will check the calendar daily and at the end of the month a reward will be given if students have done their reading. I understand that there are activities, sports, and other events that make homework difficult. Homework **MAY** be assigned at night for those not getting things done in class. If homework is assigned, it should be returned the next school day.
